21st WORKSHOP ON SUSTAINABLE HORTICULTURAL PRODUCTION IN THE TROPICS

Invitation and Call for Papers

SPECIAL TOPIC

“Methods to analyze the effects of climate change on plant growth - The Use of R Statistical Software”

VENUE

ONLINE PLATFORM

DATE

Dec 1st – 4th, 2020

Sponsored by

German Academic Exchange Service

Workshop Rationale and Theme

We are pleased to announce the 21st Workshop on Sustainable Horticultural Production in the Tropics. In this workshop original research and reviews of all topics regarding horticultural production shall be presented as shown in the thematic areas below.

Besides, there will be a special topic on: **Methods to analyze the effects of climate change on plant growth- The Use of R Statistical Software.**

The workshop is organized into the following thematic areas:

A] TRAININGS

[A1] *Methods to analyze the effects of climate change on plant growth - Statistics using R*

[B] RESEARCH AND REVIEWS

[B1] Agronomy

[B2] Crop Protection and Plant Breeding

[B3] Socio-economic and Environmental Issues

[B4] Postharvest Handling and Quality

Venue

The workshop will take place virtually on an e-platform. Information on the platform shall be communicated to registered participants.

Format

The workshop shall be accomplished through oral presentations, panel discussions, poster presentations and advertisements from traders.

Day 1: Nov, 30th 2020

Advertisement by Companies

Allotment of airtime has been given to companies and firms who would like to participate in the e-workshop. Participants will therefore have an opportunity to interact with private sector industry players for information exchange.

Application Procedure

Stakeholders are encouraged to participate in this critical event through: **Oral Presentation, Poster Presentation, Exhibition/Advertisement or Attendance.** Applications may be made online at: <http://www.hakenya.net>. Where applicants are unable to use the system, they may send their abstracts to the organisers by e-mail to hakenya2019@gmail.com

The deadline for receiving applications is **September 30th, 2020**. The abstracts should be in English language. They should not be more than 300 words and in MS Word (.doc) or rich text format (.rtf). The abstract should contain the aim(s), methodology, results, discussion and conclusion. They should include the title, the name(s) of the author(s), affiliation, mailing address, e-mail address and telephone number(s). Authors should state the thematic area and indicate their preference for oral or poster presentation. The closing date for receiving revised abstracts shall be **October 30th, 2020**.

African Journal of Horticultural Sciences: ISSN 1998-9326

Full papers submitted for the workshop shall be considered for publication in the African Journal of Horticultural Science. This journal is available online: <http://hakenya.net/ajhs/index.php/ajhs>
